Dear Byeongbu An:

VIOLATION NOTICE

On August 4, 2026, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) was present to observe a test at LGESMI Lansing (Company), located at 7111 Davis Highway, Lansing, Michigan. The purpose of this test was to determine the Company's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, MCL 324.5501 *et seq*; the Air Pollution Control Rules, Mich Admin Code, R 336.1101 *et seq*; and the conditions of Permit to Install (PTI) No. 139-22A v3.0.

Violations:

During the test, the following violations were observed:

Process Description	Permit/Rule Violated	Comments
Anode and cathode material metering and mixing process. (Cathode #2)	PTI No. 139-22A v3.0, FG-MIXING, Special Condition (SC) III.2; R 336.1910 (Rule 910)	The test results show that the Activated Carbon (AC) tower for Cathode #2 has not been installed, maintained, or operated in a satisfactory manner.

VIOLATION NOTICE

Byeongbu An
LGESMI Lansing

August 17, 2026

During this test, FG-MIXING was observed in operation while the AC tower for Cathode #2 was malfunctioning. This is a violation of Rule 910, which requires that an air-cleaning device be installed, maintained, and operated in a satisfactory manner and in accordance with the administrative rules and existing law.

Next Steps:

A written response should be submitted through [MiEnviro Portal](#) by **September 7, 2026**, and include all of the following:

- the dates the violation occurred;
- an explanation of the causes and duration of the violation;
- whether the violation is ongoing;
- a summary of the actions that have been taken and are proposed to be taken to correct the violation;
- the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence; and
- calculations showing VOC emissions from FG-MIXING to date.

If the Company believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, provide appropriate information to explain your position in your response to this letter.

Finally, please update and submit the Company's Malfunction Abatement Plan through MiEnviro Portal to adequately address the observed malfunction by **September 10, 2026**, in accordance with PTI No. 139-22A v3.0, SC III.3 and R 336.1911.

Thank you for your attention to resolving the violation cited above and for the cooperation that was extended to me during my inspection. If you have any questions
